---	----	---	---	----	----	----	----	----	-----	---	---

RML's ongoing commitment to safety, health and well-being of our employees and contractors, as demonstrated by our safety record of zero Lost Time Incidents for 13 consecutive quarters and the implementation of our "ZERO4Life" programme, continues to be a source of pride. Our safety focus extends beyond employees and contractors to nearby communities, where school children are taught correct road safety practices under our Vulnerable Road Users programme.

In the face of the significant challenges faced by the construction industry over the last few years, the company has developed strategies to generate sustainable returns in an environment of low economic activity and fierce competition. In the first quarter of 2020 (Q1), the company benefitted from one such strategy, continued diversification of its revenue base, through a strategic participation in the development and sale of housing units to augment our concrete and aggregate sales. This project progressed as expected in Q1 and is reflected in our financial results.

Despite a decline year over year in concrete sales in Q1 2020, our revenues rose due to increased aggregates sales and the participation in the housing development project. Total revenue increased by \$2.8 million or 17% compared to Q1 2019 while gross profit was \$3.1 million versus \$1.5 million in the prior year. Net profit for Q1 2020, including restructuring costs, was \$0.3 million compared to a net loss of \$4.7 million in Q1 2019.

We await the finalisation of the order arising from the hearing held by the Trinidad and Tobago Securities and Exchange Commission (TTSEC) on February 14, 2020 for determination of our de-registration application.

# Covid-19 and our Actions

The Covid-19 pandemic is undoubtedly one of the greatest challenges of our times. At RML, we are acting decisively to analyse, develop, and execute measures to safeguard our company and our people, as well as our customers, suppliers and communities. Our operations must comply with new restrictions imposed by the authorities on commercial and industrial activities which has lead us to devise new protocols to keep our employees and customers even safer. We are following government regulations, while working to minimise as much as possible the impact on our business and on our ability to serve our customers. Our action plans are therefore focused on maximising the protection of our employees while fostering operational resilience. In this regard, we have implemented multiple protocols and other measures, including but not limited to:

- Focusing only on essential activities across our businesses to safeguard cash flows;
- Developing and considering different contingency plans to prepare for the possibility of further extensions to the current shutdown;
- $\bullet\,$  Enhancing our communication with employees and all relevant stakeholders; and
- Protecting our employees working within our facilities by:
  - Reinforcing physical distancing measures and personal hygiene;
  - Temperature testing of all entrants to facilities at access points;
  - Enhancing the cleaning and disinfecting procedures at all facilities; and
  - Promoting remote work where possible according to job responsibilities.

Local Rapid Response Teams (RRTs) also remain activated throughout our operations as we continue to implement preventive measures to reduce the risks to RML and the community.

Michael Glenn Hamel-Smith Chairman April 24, 2020 Jose L. Seijo Gonzalez Director April 24, 2020

#### NOTES:

### 1. Basis of Preparation

These condensed consolidated financial statements are prepared in accordance with established criteria developed by management and disclose the condensed consolidated statement of financial position, condensed consolidated income statement, condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in stockholders' equity and condensed consolidated statement of cash flows.

## 2. Accounting Policies

These condensed consolidated financial statements have been prepared in accordance with the accounting policies set out in "Note 2" of the audited financial statements for the year ended December 31, 2019, consistently applied from period to period, except where the Group has adopted the new and revised accounting standards that are mandatory for annual accounting periods on or after January 1, 2020 and which are relevant to the Group's operations.

#### 3. Earnings Per Share

Earnings per share (EPS) is calculated by dividing the income or loss attributable to equity holders of the owner by the weighted average number of ordinary shares outstanding during the period.

### 4. Cost of Sales, Operating and Other Expenses and Other Income

Cost of sales represents the production cost of inventories at the moment of sale. Cost of sales includes depreciation, amortisation and depletion of assets involved in production, expenses related to storage in production plants and freight expenses of raw material in plants and delivery expenses of the Group's ready-mix concrete business.

Operating expenses comprise administrative, selling, distribution and logistics expenses. Administrative expenses represent expenses related to managerial activities and back office for the Group's management. Selling expenses represent the expenses associated with sales activities. Distribution and logistics expenses refer to expenses of storage at points of sales, as well as freight expenses of finished products between plants and points of sale and freight expenses between points of sales and the customers' facilities.

Other expenses and other income consist primarily of expenses and revenues not directly related to the Group's main activities, or which are of an unusual and/or non-recurring nature, including results on disposal of assets and restructuring costs, among others.

#### 5. Segment Information

The Group derived 59% (2019 - 80%) of its revenue from the sale of concrete, 36% (2019 - 20%) from the sale of aggregates and 5% (2019 - nil) from other activities. The Group's sales strategy is associated with these product lines; accordingly the segment information is so presented.
